THIS IS UNEVALUATED INFORMATION

A worker in a sugar refinery in Roman who far surpassed the norm was beaten by the workers of the plant because they were subsequently ordered to produce the same quantity of work.

2. Discontent is growing among the workers because wage payments are now being based on production norms achieved in so-called "competitions."
3. A considerable number of women who have undertaken to handle two or three textile machines in "competitions" have injured their health.
